SMSF Life Insurance Cover – an overview

The SMSF Life Insurance Cover (SMSF Life) described in this PDS is suitable for trustees of self managed superannuation funds to consider for members of the fund. SMSF Life is Life Insurance cover which pays a lump sum benefit on the death or Terminal Illness of an insured member. Plus, with SMSF Life you have the option to apply for Total and Permanent Disability (TPD) cover, for even greater protection and peace of mind.

With this valuable protection the insured member is covered worldwide, 7 days a week, 24 hours a day and the benefit can be used to support the beneficiaries of the insured member in accordance with the governing rules of your self managed superannuation fund and superannuation laws.

What cover is available?

With SMSF Life you can apply for a Life Insurance benefit from \$100,000 up to \$1,500,000 (depending on the age of the insured member at the Policy Commencement Date).

This includes cover for Terminal Illness, where 100% of the insured member's Life Insurance benefit is paid in advance if the insured member suffers a Terminal Illness.

\$10,000 of the insured member's Life Insurance benefit can also be advanced as a funeral benefit to assist with immediate funeral costs if the insured member dies.

You also have the option to apply for up to \$1,500,000 Total and Permanent Disability cover depending on the age of the insured member at the Policy Commencement Date and the insured member's Life Insurance Benefit Amount (the optional cover cannot exceed the insured member's Life Insurance Benefit Amount).

Who can take out cover?

You can apply for SMSF Life if the insured member is a member of your self managed superannuation fund and is an Australian Resident aged 18-64 years. If accepted, the Life Insurance cover can continue (as long as premiums are paid when due). Optional TPD cover can be applied for the insured member up to age 59 and, if accepted, cover can continue to age 65.

Main benefit – Life Insurance Cover

SMSF Life provides a lump sum benefit in the event that the insured member should die or be diagnosed with a Terminal Illness whilst your Policy is in force. The benefit can be used by you to support the beneficiaries of the insured member in accordance with the governing rules of your self managed superannuation fund and superannuation laws.

The governing rules of your self managed superannuation fund should allow you to apply for Life Insurance cover on the life of a member of your fund. You should check the governing rules of your fund and, if in doubt, seek advice. If permitted under the governing rules, you can apply for a Policy on the life of a member of the fund who is an Australian Resident aged 18-64 years of age (at the Policy Commencement Date).

The minimum amount of cover you can apply for is \$100,000. The maximum amount of cover you can apply for is:

→ up to age 45	\$1,500,000
→ age 45-54	\$1,000,000
→ age 55-59	\$750,000
→ age 60-64	\$500,000

In the event that you make a claim, whilst that claim is being assessed we will advance \$10,000 of the Life Insurance Benefit Amount to assist with the costs associated with the insured member's funeral and other final expenses (we must have satisfactory evidence of the insured member's age and death). Whether this amount can be paid from your self managed superannuation fund, however, depends on the governing rules of the fund and superannuation laws.

Some exclusions apply, as explained on page 15.

Terminal Illness benefit

In the event of the insured member's diagnosis with a Terminal Illness, while your Policy is in force, we will pay you 100% of the Life Insurance Benefit Amount as a lump sum. How and when a Terminal Illness benefit can be paid from your self managed superannuation fund depends on the governing rules of the fund and superannuation laws.

Limitations under the Policy

The total benefit payable under the Policy cannot exceed the maximum Benefit Amount for Life Insurance for the insured member's age at the Policy Commencement Date plus any inflation- proofing sum insured increases under the Policy.

If the insured member is covered under more than one policy distributed by IMN (this includes SMSF Life, Superior Life and other policies), we will apply this limit (determined by reference to the first Life policy on that insured member's life) to the total of the benefits payable under all such policies on that insured member's life. In this event we will refund any premiums paid which correspond with any reduction in the Benefit Amount.

What happens in the event of a claim?

In the event of a valid claim under the Life Insurance or Terminal Illness benefits, the Life Insurance Benefit Amount is reduced to zero and the Policy ends. All optional benefits will also then cease.

Optional benefit – Total and Permanent Disability Insurance Cover

When you take out SMSF Life, you also have the option to apply to add a benefit for Total and Permanent Disability (TPD) on the insured member's life, if this is permitted under the governing rules of your self managed superannuation fund.

You can apply for this optional benefit if the insured member is between 18 and 59 years. The minimum amount of cover you can apply for is \$50,000. The maximum amount of cover, which cannot exceed the insured member's Life Insurance Benefit Amount, is:

→ up to age 45	\$1,500,000
→ age 45-54	\$1,000,000
→ age 55-59	\$750,000

If your Policy includes a benefit for TPD for the insured member, it will be shown on your Policy Schedule.

In the event of the insured member's Total and Permanent Disability while the Policy is in force we will pay the TPD Benefit Amount, as noted on your Policy Schedule, as a lump sum to you.

The insured member TPD must be certified by a Medical Practitioner and confirmed by our medical advisers and claims assessors.

How, if and when a TPD benefit can be paid from your self managed superannuation fund depends on the governing rules of the fund and superannuation laws.

Some exclusions apply, as explained on page 15.

Limitations under the Policy

Only one TPD Benefit Amount is payable under the Policy. The TPD Benefit Amount payable cannot exceed the lesser of:

- the TPD maximum sum insured, and
- the Life Insurance Benefit Amount, plus any inflation-proofing increases.

If the insured member is covered for the TPD benefit under more than one policy distributed by IMN (this includes SMSF Life, Superior Life and other Life Policies), we will apply this limit to the total TPD Benefit Amount payable under all such policies on the life of the insured member. In this event we will refund any premiums paid which correspond with any reduction in the Benefit Amount.

What happens in the event of a claim?

In the event of a valid claim under the TPD benefit, the Benefit Amount is reduced to zero and cover under that benefit ceases.

Where the TPD Benefit Amount paid is equal to the Life Insurance Benefit Amount, the Life Insurance Benefit Amount reduces to zero and the Policy ends.

Where the TPD Benefit Amount paid is less than the Life Insurance Benefit Amount, the Life Insurance Benefit Amount will be reduced by the TPD Benefit Amount paid, and the Policy will continue. Premiums remain payable for the reduced Benefit Amount.

Premium and taxation information

What does cover cost?

Your premium is dependent upon a number of factors (see below). The Terminal Illness and Advance Funeral benefits are built into the Life Insurance cover and no additional premium is payable for these benefits. Optional TPD cover can be applied for at an additional premium.

For your convenience premiums can be paid annually or monthly, at no additional cost, whichever is most convenient for you. Premiums are payable, in advance, by direct debit. To maintain the Policy and the insured member's cover you must pay your premiums when due. Your premium will be shown on your Policy Schedule.

You can obtain a quote and apply for SMSF Life at insuremenow.com.au

Premiums

Your premium is determined by:

- the Benefit Amount – premiums increase as the level of cover increases;
- adding optional TPD cover will increase the premium;
- your age – our premiums are stepped premiums which means they may increase with the insured member's age;
- the insured member's gender;
- the insured member's smoker status – lower premiums apply if the insured member is a non- smoker;
- the insured member's occupation and pastimes; and
- the insured member's health.

The premium is calculated each year at your Policy Anniversary. There are no Policy or other fees applying to your SMSF Life Policy.

Annual increase to your premium

Your premiums may increase each year on your Policy Anniversary to reflect the change in the insured member's age and/or any inflation- proofing increases.

Inflation-proofing increases

To assist you in maintaining the real value of the insured member's cover, the benefit level will be increased on each Policy Anniversary by 5%, up to age 70 (or age 65 for optional TPD cover). A new Policy Schedule will be issued prior to your Policy Anniversary outlining your new Benefit Amount and premium.

You can choose not to accept the automatic increase by advising IMN in writing in which case you will be sent a replacement Policy Schedule. You should write to Insure Me Now **PO Box 471, Seaforth NSW 2092**.

By choosing not to accept the automatic increase you may not be able to opt in at a later date as this is subject to our approval and written confirmation by us.

Paying your premiums

Your premium is charged to your self managed superannuation fund bank or credit union account either monthly or annually, as you have elected.

You can change your nominated account at any time by calling IMN on **1300 466 466**. An email confirming the change to your payment details will be sent to you.

All payments for your cover under this Policy must be made in Australian currency.

Changes to your premium rates

Premium rates are not guaranteed and we may change the amount that we charge for the insured member's cover under this Policy at any time, but only if we change the premium rate applying to all SMSF Life Policy Owners (or all SMSF Life Policy Owners in the same group).

If we do make a change to your premium we will send you written notice of such change at least 90 days before the effective date of the change.

Financial hardship

If you are having trouble meeting your premium payments, we have the following options available to you;

- Premium Freeze Benefit
- Reduce your sums insured in order to reduce your premium
- Remove the inflation-proofing increase.

Premium Freeze Benefit

You can fix the cost of your cover at any time by writing to us with a request to freeze the premium amount.

This means that your future premiums will remain the same as the amount you froze them at, resulting in your sum insured decreasing as you get older.

We will advise you of your reduced sum insured prior to each policy anniversary.

You can write to us at any time to request to end the Premium Freeze Benefit however this is subject to our approval and written confirmation by us.

Stamp Duty and other government charges

Your premium will also include amounts for Stamp Duty and any other taxes that may be imposed by State or Federal Governments. In the event that any of these amounts are altered, we reserve the right to alter your premium amount to reflect this amount and if we do this, we will advise you in writing.

Tax

Premiums payable may be deductible to your self managed superannuation fund. Benefits are paid to you as trustee of the fund. Special rules apply in relation to the taxation of amounts payable from self managed superannuation funds.

Tax information given is of a general nature only and is based on current tax laws and our interpretation of them. We recommend that you consult a professional taxation adviser for information on the taxation of self managed superannuation funds.

GST is not charged on your premiums.

Other information you should know

Your 30 day money back guarantee

You have 30 days from the Commencement Date of your Policy to make sure you are happy with your cover and to decide whether you want to keep your Policy. This is known as your 'cooling off' period. You can cancel your Policy at any time during this period, if you have not made, or are not intending to make, a claim under the Policy, and receive a full refund of any premiums paid.

To cancel your cover during your cooling-off period, please write to Insure Me Now at **PO Box 471, Seaforth NSW 2092**, enclosing your Policy Schedule. When your letter and Policy Schedule are received, your Policy will be cancelled and any premiums you have paid will be refunded.

You have 30 days from the Commencement Date of your Policy to make sure you are happy with your cover.

When your cover starts and ends

If your application for cover is accepted by us, we will send you a Policy Schedule which specifies the type and amount of your cover and any special conditions or endorsements attached to your Policy. Your Policy Schedule, your application, the PDS current at the time of your application, as well as any future application accepted by us, form your insurance contract with us. Please keep these documents in a safe place for future reference.

The cover for the insured member starts on the Acceptance Date as set out in the Policy Schedule. Your first premium is deducted from the Commencement Date, which is also set out in the Policy Schedule. Cover for the optional TPD benefit on the life of the insured member, if added after the Acceptance Date, will commence when you are notified by us and you are provided with an updated Policy Schedule.

We guarantee to renew your SMSF Life Policy (provided you pay your premiums when due) until the earliest of:

- the date of payment of a death or Terminal Illness claim;
- the date of payment of the optional TPD benefit, where the Benefit Amount is equal to 100% of your Life Insurance Benefit Amount;
- the date you cancel the Policy; or
- the date we cancel the Policy, due to non-payment of premiums.

Cover for the optional TPD benefit, if applicable, will end on the Policy Anniversary following the insured member's 65th birthday. You can cancel the optional TPD benefit at any time prior to this date, and the insured member's Life Insurance cover, under your SMSF Life Policy, can continue.

Exclusions under the Policy

We will not pay any benefit under the Policy where we have agreed a special condition in respect of the insured member's cover that excludes the event or condition leading to the claim. Any special condition will be noted on your Policy Schedule.

We will not pay a Life Insurance benefit if the insured member dies as a result of a self-inflicted injury within 13 months of:

- the Acceptance Date of the Policy; or
- the date that any increase in cover starts (but only in respect of the increase); or
- where we have agreed to reinstate the Policy after it was cancelled, the date on which we reinstated the Policy.

We will not pay a Total and Permanent Disability benefit if the event that gave rise to the claim was directly or indirectly caused by self-harm or the insured member's intentional act.

Some risks in taking out this cover

When you take out cover under this Policy, please be aware of the following:

1. before you replace other insurance on the insured member's life with this Policy, you should consider the terms and conditions of both policies;
2. it is your responsibility to ensure that you choose appropriate cover for the insured member's protection needs and that you select the appropriate benefit level; and

3. this Policy does not have any savings or investment value and is designed only as protection insurance. If you cancel your Policy at any time (other than during the 30 day cooling-off period) you will not receive anything back.

Your duty of disclosure

When you apply for cover under this Policy you have a duty of disclosure under law to tell us anything that you know, or could reasonably be expected to know, which is relevant to our decision as to whether to provide insurance on the life of the insured member and on what terms. You have the same duty to disclose any relevant matters before you increase, vary or reinstate the insured member's cover under this Policy.

Your duty of disclosure does not require you to tell us anything that would reduce our risk, is common knowledge or that we know or, as an insurer, should know. In addition, your duty of disclosure does not extend to disclosing matters where we have waived the requirement of compliance with your duty.

If you fail to comply with your duty of disclosure and we would not have issued your Policy or extended or reinstated the insured member's cover on any terms if you had complied with your duty, we may avoid the Policy within 3 years of the Policy Acceptance Date (or the date we agreed to increase or reinstate the insured member's cover if applicable). If your nondisclosure is fraudulent, we may avoid the Policy at any time or we may reduce the amount of cover to reflect the premium that would have been payable if full disclosure had been made to us.

You will need to complete a new application form. The new or additional cover is subject to our acceptance. No change to your cover takes effect until you receive approval in writing from us.

You can request to cancel your Policy at any time by writing to IMN and giving 30 days notice. However please consider the insured member's protection needs carefully before you do this as you will need to reapply for cover which may not then be available.

We can cancel your Policy if you don't pay your premium when it is due and it remains unpaid for more than one month. In this event we will notify you in writing of our intention to cancel and give you the opportunity to rectify this situation.
